ORANGE COVE

"A Country Home Among the Oranges"
Orange Land, With Water, \$200 an Acre Up \$5 PER ACRE CASH
 \$5 PER ACRE MONTHLY
 Any way you look at it, Orange Cove spells profit. Whether you use this splendid soil for oranges and other

fruits, or merely let it lie! it will turn you a handsome profit. It's close in, right in the line of the city's growth and of nearby suburban development. This land will be in demand for lots for homes within a very few years. Now you can buy it as acreage—and for less money than is asked for ORDINARY suburban acreage elsewhere.

10 Miles from Los Angeles —35 Minutes From My Office

Nightly little close-in orange land to be had today! At Orange Cove conditions are perfect for oranges—elevation, soil and water. The soil is a deep alluvial silt, washed down from the surrounding mountains. The water is pure, abundant and available year-round. Orange Cove is a rich, fertile valley with

Orange Cove is an ideal place to grow fruits and vegetables, as well as oranges. It's close to the great Los Angeles markets—and soil and water conditions are perfect for oranges, tree farming, poultry or other crops. For more information, call Mr. J. R. Bell, 10101 Wilshire Blvd., Suite 100, Los Angeles, California 90024.

generators. A tank of 3000 gallons of water for every five acres every 30 days. This land is above the frost, lies on a gentle slope, just right for irrigation. Surrounding foothills protect it from heavy winds and storms.

[ASSOCIATED PRESS NIGHT REPORT.]

In spite of the fact that the railroads interested in the Northwest, as well as every land agent in the Northwest, are "hooked" and interested in "middle" dry farming, wanted the name changed, the congress, by a vote of 273 to 148, decided to stick to the old name. The dry land agents believe the term "Dry Farming" is a misnomer and a detriment to the movement. The farmers themselves, however, do not mind while admitting that the farming of dry land is impossible, objected to the name for other reasons. Mr. Hill characterized the argument opening of the Flathead reservation as a "huge fake," enticing people to go to the reservation to buy a draw land while only 3 per cent of farms. He said the people spent not less than \$12,000,000 in railroad fares.

The following table shows the figures for the coming year will be as follows:

(Continued From First Page.)

SECRET ASSISTANCE. His assistance has been given secretly. In fact, Cabrera has tried to give the impression gain foothold in the United States by appearing as a typical other revolutionists of Honduras to the total disregard of Bonilla. Fond hopes are still cherished that the United States will be asked to sign "Presidente de la Republica de Honduras" after his name.

It is said that the United States and Cabrera had a great deal to say as to the manner in which the United States should proceed. He has chummed with the idea that dictatorship was permanently necessary against all interference from the United States. But David, assistant, has since turned out to be a failure. By a shrewd political maneuver, he has been overthrown. Cabrera, he stole a march on the United States, and almost before the United States could get a word in issued declaring David still alive. It is said that Cabrera is still alive, but that he is so weak that he is a difficult man to convince that he was asleep at his post.

Referring to Secretary Wilson's plan to change the character of the soil by growing drought resisting plants to the detriment of the sugar beets, and the Russian thistle and sweet clover, he said:

"I don't know what can be done with this. I don't know and do not want to dispute him as to the utility of these familiar plants. But I am willing to leave the field of investigation of the relationship of these plants to the sugar beets and similar plants from Siberia and the far North to the Department of Agriculture.

"Do not insist, edged Mr. Campbell, that I am wrong and hurtful and wholly inexcusable for authority to be given at Washington for sensational attacks upon the work that we of the

CARRERA WAITING

The present revolution in Nicaragua is certainly to be a test of the strength of the two rulers. If Zelaya loses to the rebels he may possibly escape to his castle home, which has been waiting for him for years in Belgium. If Cabrera doesn't shortly achieve his life's aim, his better sense may induce him to flee to his country estate on the banks of the Rhine, purchased and prepared for just such a contingency. The United States will be in, and take charge of the chronically-turbulent Central American affairs, and by the system which he alone knows how to manage, add a few more stars to the national flag.

ANNUAL BANQUET OF XOPEIA

GEN. REYES RETURNS.
Spends First Day in City of Mexico
in Conference With President
Diaz.

[ASSOCIATED PRESS NIGHT REPORT.]

He passed Tuesday conferring with President Diaz and today took part in a triangular conference with the president and General José M. Nier, his secretary, who has been named as governor ad interim of Nuevo Leon. Gen. Reyes refused to see any representatives of the press, and declared he would not make a statement until he had finished his conference with President Diaz.

NEW BOOK FOR LOVETTE

NEW POST FOR LOVETT.
NEW YORK, Oct. 27.—The vacancy left by the death of E. H. Harriman at the directorate of the Delaware and Hudson Company was filled today by the election of Robert S. Lovett. Judge Lovett has already Mr. Harriman's place on several boards, and it is understood this week he will be elected president of the Southern Pacific.

(Continued From First Page.)

given a tremendous ovation, which lasted for several minutes. At its close, Gov. Patterson, after welcoming President Taft, discussed deep waterways, predicting the proposed channel from the lakes to the gulf. "Is the promise of a trade which will one day cover every ocean with American ships."

from Houston, Tex., about, I
safely—the greatest inland col

RATE CASE HEARING.

Jobbers Will State Their Grievances Before Special Examiner of Interstate Commerce Today.

F. Lyon, a special examiner appointed by the Interstate Commerce commission to hear the complaint of San Pedro jobbers, now affiliated with the Los Angeles Jobbers' Association,

the Salt Lake and Southern
railways, commonly known

tomorrow in this city. The hearing will start at 10 a.m. in the Supreme Court room in the Bullard Block.

The granting of terminal rates to Los Angeles means much to the jobbers of this city, and considerable testimony will likely be introduced and a later fight made to secure this recognition. W. Durbrow of San Francisco will probably have charge of the case for those lines. Minor P. Goodrich, assisted by Fred P. Grogson, will speak after the interests of the tobacco. Grogson is not a lawyer, but he is a former member of the California State Bar, and equal to the best at the Coast, and equal to the best at money that could be found in handling the cases.

The Chicago City Council has killed proposed ordinance prohibiting peddlers and newsboys from crying their

The Secretary is desirous that the work shall be prosecuted with such dispatch as to enable the government to avail itself of the appropriation for the beneficial use of waters in the western States, where large undertakings may be carried on, and he says, are generally not within the ability of private enterprise.

GOVERNORS IN DANG

of Presidential Flotilla Breaks Down, But No One on Board Is Hurt.

ASSOCIATED PRESS NEWS REPORT.]

HELENA (Ark.) Oct. 27.—Because of a breakdown in the engine room of the steamer Gray Eagle, one of the fleet of boats accompanying President Taft to New Orleans, and the attendant danger of the steamer catching fire, the boat was run aground ten miles north of Helena tonight to disembark its distinguished passengers and insure their safety.

After the breakdown followed the dropping of the grate in the fire room, and the escape of the passengers, including the Governor.

of several States and other prominent men, boarded other boats of the fleet and the voyage was continued, reaching Helena as the President's

LOOM WOVEN CURTAINS, \$1.25 PR.
ARABIAN NET CURTAINS, \$2.50 PR.
IRISH POINT CURTAINS, \$4.00 PR.
WE MENTION THE ABOVE CURTAINS AS SPLENDID EX-AMPLES OF VALUES WE HAVE TO OFFER. WHETHER YOU PAY \$1.00 OR \$5.00 FOR CURTAINS AT BLACKSTONE'S, YOU MAY DEPEND UPON QUALITY AND VALUE.

Children's Millinery
THE NEW STOCK OF FALL HATS FOR THE YOUNGSTERS INCLUDES:
FRENCH FELTS, STITCHED VELVET AND CLOTH HATS, PETER PAN, MUSHROOM, SAILORS AND DOZENS OF PRETTY TAILORED STYLES. YOU'LL SAY THE EXHIBIT IS AS INTERESTING AS THE MILLINERY FOR GROWN-UPS.

IN A STORMY WILDERNESS.

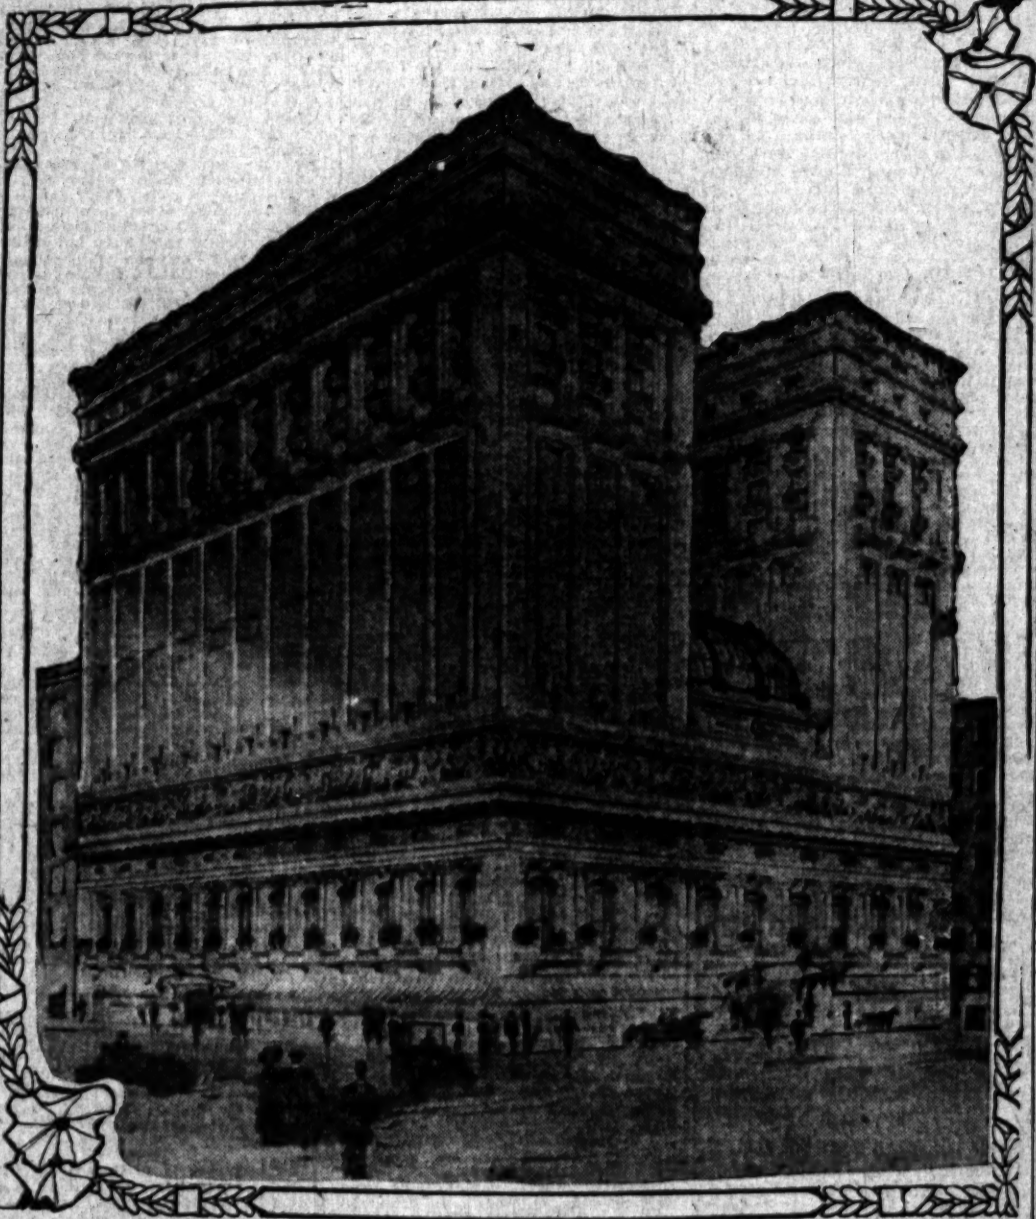

Three Los Angeles People May Be Lost.

Missing Two Months, Their Friends Alarmed.

Fear Death Overtook Them Amid Snows.

Missing for eight weeks after having left for a short pleasure trip to the Sierra Nevada Mountains, Erwin R. Weinspach, an employee of the Sun Drug Company, Second and Spring streets, accompanied by his wife and Jesse J. Thornton, a live stock dealer of this city, are believed to have been lost in a snowstorm, or to have been lost in the wilderness.
When last seen in this city, Weinspach stated that he and his wife were going to pass two weeks' vacation in the Sierra Nevada, and would go to the Black Rock ranch, in Inyo county, eighty miles from Bishop, Thornton and his brother, Henry Thornton, No. 132 East Twentieth street, are the owners of the ranch. No one of the party has since been seen or heard of in eight weeks, and it is believed that heavy snowstorms may have overtaken them, or else they met with an accident in the precipitous passes of the rocky fastness.
Weinspach owns a home at No. 143 West Forty-second place, and they left it fully furnished and told their neighbors that they would return in a few weeks. He has a good position with the drug company, and is a trusted employee. After his failure to return in so many weeks, G. P. Meek and A. P. Emels, fellow-employees, began inquiries, and yesterday the Sheriff was informed of the facts.
EVERY REASON TO RETURN.
Neither Weinspach nor Thornton have any financial difficulties or reasons for leaving the city, and the former has every reason to return.
According to Henry Thornton, local stock dealer and brother of one of the missing men, the party left Bishop safely with pack animals and saddle mounts for the trip to the ranch. Word of the start was received through miners and cattlemen in that part of the country, further than that there is no clue to their whereabouts.
"There is some terrible mystery in the matter," said the brother of the missing live stock man, at his home

PLAN A GRACEFUL BUILDING FOR ATHLETIC CLUB.

One of the Handsome Designs Submitted, which is receiving the favorable consideration of the committee.

THAT the long-projected building for the Los Angeles Athletic Club, which will be started within a very brief time appears to be assured by reports of the most favorable nature from the committee in charge of the work of raising funds to complete the amount required for its construction. The leading rustlers of the soliciting committee, H. A. Rowan, Frank A. Garbutt, Robert Marsh and W. M. Garland, report the coveted goal within easy hail—so close, in fact, that the actual selection of a plan from the five competitive designs submitted by Los Angeles and San Francisco architects is said to be accomplished within a few days at most.

WHAT FOR IS DEFENSE FUND?

GRUMBLED CONTRIBUTORS ARE ASKING THE REASONS.

Can't Be Used for Attorney Services in the Case of Mexican Revolutionist Who Is to Have Hearing Here—Law Fixes the Fee—Bail Is Furnished.
Dissension has riven the ranks of the misguided followers of L. Gutierrez de Lara, confessed Mexican revolutionist, and believed to be a dangerous anarchist as well. Many are grumbling because they are required to contribute to a so-called "defense fund." Already several hundred dollars has been raised, by contributions from labor unions, socialists and people who are employed by the railroad companies.
Where is this money going? It will not be needed by the attorneys for De Lara, for the law is very plain on this point.
Any attorney who accepts more than a \$10 fee in any case involving the right of an alien to remain in this country, must first get the consent of the Commissioner of Immigration, or of the inspector in charge of the immigration district where the hearing takes place. A violation of this rule of the department leads to the disbarment of the attorney from the tribunals of the Department of Commerce and Labor.
The rule of the department is very plain on this point. It reads as follows: "Attorneys and persons appearing in behalf of detained aliens shall not be permitted to charge a sum exceeding \$10 in each case, unless the commissioner or officer in charge shall, in writing, allow an additional compensation. If for any special reason, an attorney deems himself entitled to a larger fee, or if it is necessary for such attorney to incur expense in an alien's behalf, he shall report such facts to the commissioner or officer in charge."
Any one charging an alien a fee prior to his detention or charging or receiving from an alien or his relatives or friends a fee, gift or compensation for his services in excess of above rate, will upon a reasonable proof of such misconduct, and after a hearing, be disbarred by the department.
The theory of the government is that the alien is entitled to every reasonable consideration, and that his rights will be protected without the intervention of lawyers who are hungry for a big fee. If De Lara can establish his right to remain in this country, the department will rule in his favor regardless of the attorney who may be employed by friends of the accused.
Contributions to the De Lara "de-

fense fund" are extorted mainly from poor persons, who are led to believe that a large sum of money is needed in order to secure justice.
The hearing before the local immigration inspector will probably follow the general course, and be held in private. Attorneys for the defense have telegraphed to Washington for permission to have the hearing a public affair. It is easy to see the purpose of this request. The "reds" want to make a demonstration as they did in the case of Magon, Villareal and Rivera, and attempt to overawe the Federal officers by a display of angry men and women.
While Magon and his two co-conspirators were having their examination, United States District Court, a mob of socialists and peons blocked up the corridors and followed the prisoners to and from the County Jail. The immigration office is comparatively small, and to thrust scores of muttering anarchists and revolutionary sympathizers into the little rooms would seriously interfere with the work of the office.
The case will be decided upon its merits at Washington, and the display of threatening agitators will not do the cause of the prisoners any good. De Lara is to be at liberty on \$2000 bonds pending the hearing, and the subsequent action of Secretary Nagel.
He would have freed yesterday morning, but there were a few technical defects in the text of the bond. The government requires all bonds to conform with a certain set formula, and the sureties must show to the satisfaction of the examining officer that they own sufficient property to guarantee the payment of the bond should the defendant escape.

REALISTIC PIPE DREAM.

Burning Bed and Stream of Water Give Waking Chinaman Hallucination That World Is Ending.

Gong Ker Gon suffered all the agonies yesterday morning of facing the destruction of the world by fire and water, when he awoke from a quiet snooze in his room at No. 325 Apollonia street. It was some time before he could be convinced that all his fright was caused by a patrolman turning a hose on a blaze in his bed clothing.
Gong laid down to enjoy a quiet garden hose to a nearby faucet. The soothing effects of the aromatic weed soon led him into slumber. His pipe dropped on the bed, and the live coals tumbled out on the mattress. In a few moments his bed was striking him in the face and around him were playing flames. With a scream he landed in the middle of the floor. The officer had a difficult time keeping him from jumping out the window, but he finally became quiet and thanked the patrolman for saving his life.

ample locker room. Some have arrangements for ballroom space. Dormitory facilities are provided in all five sets of designs.
The building will be reared at the northeast corner of Seventh and Olive streets, fronting 135 feet on the former and 148 feet on the latter thoroughfare. This site was purchased in the fall of 1907 for approximately \$45,000. About \$35,000 will be expended on the building itself. Of the amount required for the full payment of the purchase price all but about \$20,000 is said to have been already paid in.
The Security Savings Bank has contracted to underwrite the full issue of \$50,000 in bonds and to guarantee their sale.

AFTER POINTERS.

INSPECTS OUR ROAD SYSTEM.

GOVERNMENT ENGINEER HERE TO INVESTIGATE PROJECT.

Official of Department of Agriculture, Interested in Los Angeles County Highway Building, Will Make Tour of Different Sections. Takes Look at City Streets.
Vernon M. Peirce, chief engineer of the office of public roads, United States Department of Agriculture, is here from Washington, to see how Los Angeles county is progressing with its \$25,000,000 project for the improvement of its highways. He spent yesterday in company with Engineer Loder of the Los Angeles County Highway Commission, inspecting the city streets, and in the next few days he will make a tour of the county roads on which work is under way.
"The purpose of the good roads act," said Mr. Peirce, "is to lend what aid it can to the various states and counties that are taking up or wish to take up the matter of road improvement. This is as far as the government aid goes. In the case of Los Angeles county, for instance, you got the benefit of the experience of one of the engineers of our department, Mr. Loder. You pay him his salary, but in return for it you get the good of his schooling in the building of roads, and the government in a way is helping you."
"As an individual county, Los Angeles undoubtedly is attempting the biggest work of this kind now in progress in the United States. New York State is going at the good roads movement on a big scale, the State having appropriated \$50,000,000 for the purpose, while the counties are obligated to expend a like amount, making a total of \$100,000,000 for the entire State."
"New Jersey, Massachusetts, North Carolina, Maryland, Virginia, Vermont and some other States are taking up the work in an energetic way."
"I have not been here long enough to get any idea of the work that the county is doing. With Mr. Loder and members of your Highway Commission I hope to go over the work and see what has been accomplished at the same time learning something about your rock supply and other matters in connection with the project."
"I have been looking over the improvement of the streets of the city today, and it seems to me that this has been done in a manner that cannot be criticized. The use of oil is general here. I notice, as it is in other places where there is an abundant supply of that material, and wherever there is a supply of oil with an asphaltic base, such as you have here, I find that excellent results are obtained."

SPRINGS NEW HOTEL GAME.

Chesterfield Mexican Hacienda Draft Cashed.

Imposes on Lankershim, Then Jumps for North.

Draws on Sum Left Here, Is Arrested There.

A new game is alleged to have been sprung on the hotels of the Southwest by Luis Gonzales, a fastidious individual, who was arrested yesterday evening in San Francisco, according to a telegram received last night at the local detective office.
Gonzales, representing himself as the son of D. Puebla, a wealthy manufacturer of Puebla, Mex.—a large manufacturing center—arrived at the Lankershim on the 7th ultimo. One of the first things he did on his arrival was to present a letter of credit from the "Jose, Brewing Company" of Ciudad Juarez, Mex. On the strength of this he cashed a draft for \$50, which was subsequently discovered to be bogus.

It is a custom in Mexico for large industrial and commercial establishments to issue drafts, letters of credit, etc., as do the banks in the United States. So well known is this custom at the local hotels that these papers are invariably honored when they seem to be satisfactorily indorsed. Drafts of this kind have been cashed for as much as \$500 in some of the first-class hotels.
Gonzales presented every appearance of a Mexican of the better class. There was nothing flashy about his attire, no conspicuous jewelry or anything even faintly suggestive of the "sport." He wore a long black English walking coat with consummate grace, and his demeanor was always that of an aristocrat. He had four of the \$50 drafts from the "Jose, Brewing Company," but only asked to have one of them cashed.
Gonzales remained a guest at the hotel until the 15th ultimo, consistently carrying out the role of a wealthy gentleman of leisure. Before leaving, however, he presented a check of \$100 on the Bank of Southern California, asking that the hotel place it to his credit until he should draw against it from some other city. After this, Gonzales took his leave in the most ceremonious fashion.

In the meanwhile, the \$50 draft cashed for the distinguished Mexican had come back through the mails with the disappointing announcement that there was no such firm in Juarez, or in any other known place, for that matter, as the "Jose, Brewing Company."
The Lankershim management sat itself down to wait for developments on the \$100 check, hoping to hear some time or other from the Chesterfield Mexican.
H. A. Shephard, a clerk of the Lankershim, called on Deputy District Attorney McCormick, and a warrant against Gonzales was issued by Justice Chambers after which the usual steps were taken by the police to locate the man.

Gonzales was heard from yesterday morning through the bars, when he tried to draw against the balance he had left with the Lankershim. The police at San Francisco were immediately notified of his presence, and his arrest followed last night.

REPUBLICAN RALLIES.

Republican rallies will be held to night at 8 o'clock at Ninth street and Santa Fe avenue and at No. 1025 Sunset boulevard. At the place first named there will be addresses by G. Ray Horton, R. W. Richardson and candidates for party office.

At the second place there will be talks by George U. Black, Byron Hanna, Frank Dominguez and the various candidates.

IN CHAMBER OF COMMERCE.

The following-named were elected to membership in the Chamber of Commerce yesterday: Walter J. Ballard, S. B. Burt, T. W. Coker, E. W. Gage, S. Halbar, Johnson Studio, W. Kennard, Claude I. Parker, Perelval from Company, John Reynolds, Floral Company, The San Joaquin Development Company and W. H. Toll, Manager Arkin and Marine Company.

LIMIT OF VOTE AT PRIMARIES.

A Little Less Than \$9,000, According to Figures of the County Clerk.

A surprise is in store for persons who have figured all along that there would be a registration of 75,000 or more for the primary nominating election of November 10. There are many who thought the total would come close to \$9,000, while the more conservative gave 75,000 as the figure. Both these totals are far from the mark. County Clerk Keyes announced yesterday that the total registration for the city primaries is 65,956, which includes all the voters of San Pedro, Wilmington and the west end, recently annexed; it leaves all voters who have thought it worth while to register for the primary election.
Registration for the municipal election of December 7 closed yesterday, and this will add at least a few hundred to the total who are recorded for the primary election. But it is safe to say that the registration for the December election will be much under 75,000.

The total registration for the city in 1908 was 69,489; the present registration indicates an increase of less than 10,000.

Dr. Cook's Record

For Sale Only by The Birkel Co.
Ready Today By Special Arrangement
Price \$1.00
"How I Reached the Pole"
It will be some time before others can offer this Cook record. Look to us for all the new things first!
are ready for today with the Cook record—only house in the city that will supply you with this remarkable record. Dr. Cook, in an interesting four-volume talk, gives important particulars of his arduous and thrilling journey. The simple and modest manner in which the great explorer described his struggles amid the Arctic wastes, with starvation death ever near, makes the record singularly impressive and convincing.
Every owner of a Victor should possess this record as a monument of the greatest geographical discovery of the Twentieth Century.
The Victor possesses the exclusive right to record this story of Cook's achievement as told by himself.

Free Victor Recital Today—
Come in and hear Dr. Cook's Record. Hear Dr. Cook at our regular weekly Victor Recital today. This record of remarkable achievement by a remarkable man is deeply interesting to all selections from the new November list will be given—making the first recital for many weeks. Three o'clock this afternoon—Thursday. Take Elevator to Third Floor.

THE PUBLIC SERVICE In the Courts and Offices.

SUMMARY OF THE DAY.

LABORERS IN THE PARK DEPARTMENT applied to the Public Service Commission with a request for more pay yesterday, which was sent to the Council for action.

All records were broken in Judge James' court yesterday, when nineteen divorcees were granted divorces. An unbroken stream of plaintiffs and defendants in light.

Marion Moffatt, a comely young lady, sued her father, James Moffatt, from whom her mother is divorced, to allow her \$100 a month for her maintenance.

As an outcome of the famous San Joaquin oil promotion scheme, W. F. Lay brought an action yesterday against C. J. Laughlin, Jr., J. M. McClellan and P. C. Carlson, for \$100,000 damages on account of alleged false arrest.

Martin Mikulash, a deputy constable, and three other Slavonians, were freed of a charge of gambling yesterday, because Justice Frederickson was in doubt whether they were playing stud poker or "panfil" when they were arrested.

AT THE CITY HALL.

PARK LABORERS ASK MORE PAY.

PETITION PUTS UNCLE ALECK OVER A BARREL.

Heintz with His Park Commission and Interposes Obstacles to Speculation for Workingmen. But Finally Agrees to Pass the Question to the Council.

Laborers in the city parks put Uncle Aleck over a barrel yesterday when they presented a petition asking an increase from \$2.25 to \$2.50 a day. The petition was signed by nearly all the 100 men on the park pay rolls as laborers, and a speech in support of it was made by M. C. Mooney, employed at Eastlake Park.

Mooney explained that the cost of living has increased and that the men average only about \$4 a month. They are employed only 28 days in the year and their work requires more skill than that of a common laborer.

Uncle Aleck tried to prove an alibi by saying that if the increase was authorized by the Council it would mean a reduction of men to the tune of one-tenth of the number now employed.

But Mooney met this with the statement that Councilman Lyon had told him the Council would make the appropriation if the board recommended it. Uncle Aleck appealed to Councilman Dromgold, who happened to be standing upon the wise counsels of the park department, to learn if this would be done.

"If the Council keeps its present gait," said Dromgold, looking placidly at the ceiling, "the city will be broke in two months."

Uncle Aleck and his board figured out that if the park laborers got an increase the street cleaners and all others would demand the same and the city would be out \$40,000 more.

But Mooney hadn't visited Barney for nothing. "Well," he said, "the Lord knows we all want to do as we please, but you want to do as we please or disappear it and leave the rest to the Council."

Uncle Aleck sniffed a little but joined Richmond Plant in voting for the recommendation.

The increase of 25 cents a day for each man will add nearly \$3000 to the annual labor appropriation. It was also deemed proper to recommend that the per diem for men and teams be increased to \$4.50.

The recommendation will be regarded as a victory in the Council for forcing up all the other labor pay rolls. This has often been attempted, but without success. A petition to the Board of Public Works in behalf of the street laborers is next in order.

"It will come before the Finance Committee," said Dromgold, "and we will give it due consideration."

NEW BAND STAND.

CENTRAL PARK PLAN. Having a \$10,000 municipal band creates a necessity for a \$15,000 municipal band and according to the joint view of the Park Commission and the Municipal Art Commission.

The view was expressed through joint subcommittees to the Park Board at its session yesterday. The Park Committee was Plant and Randall, and the Art Committee, Blanchard and Mitchell. They urged that the new band stand be built in the southwest corner of Central Park and that a public comfort station be not a part of the structure, but that it be placed at the northeast corner of the park, with entrances on Fifth and Hill streets.

The band stand, according to a pencil drawing by W. J. Parkinson, is to be of classic design, with curved pergolas. It will be about 160 feet wide and possess a modern Greek architectural appearance. No design for a comfort station was attached.

Sumner P. Hunt, who is architect for the other comfort stations in the parks, objected to the separation of the two structures, and also to the location of the band stand. In doing so he said he represented Parkinson's views. He wanted the stand located about the middle of the south end and opposed a comfort station under the windows of the California Club. He thought the two could be combined, saving space and representing other economy.

The board decided to approve the report as made and let the Council decide the questions. It is estimated more than \$20,000 will be required to carry out the scheme.

CHAFFEE'S PEPPER.

CIVIL SERVICE ANSWER. The recent objection of the Civil Service Commission to the employment of Virgil R. Franklin and F. D. Tompkins as "construction clerks" in the aqueduct department at \$150 a month, although they are assigned to the inspection of the food supplied along the work, was referred by the Board of Public Works to Gen. Adm. A. Chaffee for investigation. Yesterday Gen. Chaffee wrote a letter, signed it with pepper, and the board signed it as its response to the objection.

The letter said: "The Board of Public Works has the honor to acknowledge the receipt of your communication dated October 20 and in reply begs to advise you that it has been referred to Messrs. Franklin and Tompkins, construction clerks, be relieved October 11, 1929, from the additional duties assigned them, regarding which assignment the Civil Service Commission respectfully cannot agree with the nature of the

ment exercised by the Board of Public Works."

The Civil Service Commission said unless the men qualified as "restaurant inspectors" it would not certify their pay after this month. Just what will be done about food inspection has not been decided by the board.

CREGIER CONTRACT.

EXECUTED BY COUNCIL. N. Banks Cregier of Chicago, with his three feet, eight inches of stature, sat alone in the Council Chamber yesterday when the contract for a new fire-alarm system was entered into. Not exactly alone, either, for the Council was there to authorize its execution. But the small army of agents of other companies and the "log-rollers" were absent and the only echo of their buzzing of last week when the protest of the Gamewell company, sent over by a messenger, was read and ruled out of order by President Pease.

The contract with the Cregier company for a new manual station in the University district was completed yesterday. The contract was for \$23,374 for the fire-alarm equipment and \$2350 for the fifty police boxes.

The protest of the Gamewell company was in effect that the irregularity on which its bid was thrown would be waived if the contract was awarded to it. It asserted that the price bid by the Gamewell company was lowest, all things considered, and the difference between from 25 to 50 per cent, less than the Cregier. It gave its total as \$23,320.

The difference between the bids in that the Gamewell provided for twenty-five party lines, while the Cregier direct metallic circuit to each box. Cregier said he had no objection at once on the contract and have it in working order before the first of the year.

Mayor Alexander did not sign the resolutions authorizing the contract until just before the Council met. He had been impatient to see the contract, but the representations made to him were not enough to bring this about.

The Council acted unanimously, although Wallace, chairman of the Gamewell Committee, was not present. The contract was signed in the morning to attend the Methodist missionary conference at Albany, N. Y.

That the public may see what kind of a system the city has bought, Cregier has opened his exhibition of the old Hamburger building on New High street to the public tomorrow afternoon and evening, and will give free demonstrations.

Slauson Playground. An appropriation of \$2000 for the improvement of the Slauson-avenue playground was made to the Playground Commission yesterday by the Council. The commission wanted that much, but the Finance Committee could not find the money, it said.

Uncle Aleck, however, because he feared this might prevent the stadium, urged an immediate improvement, but Dromgold explained that this plan would be provided for in time.

City Hall Brevities. A committee composed of Dromgold, Wallace and Blanchard was appointed by the Council yesterday to confer with the Pacific Electric Railroad Company as to the elevation of the station in front of the city hall.

Increases in salary were recommended by the City Clerk's deputies yesterday. The beneficiaries are Charles W. Allen, J. M. Carroll, and Frank Wellington, each receiving \$10 a month increase.

AT THE COURTHOUSE. **UNHAPPY ONES SINGLE AGAIN.** **DIVORCE RECORD AND MARITAL TIES ARE BROKEN.**

Nineteen Who Drew Blanks in the Marriage Lottery Drove Their Tears When Given Interdustry Decrees. Humorous, Pathetic and Tragical Acts to Life Drama.

Nineteen! Count 'em! Nineteen! All records were broken in Los Angeles yesterday, in Department One, Judge James presiding, where divorce decrees were distributed.

The matrimonial bludge brigade was on parade, and the procession was in motion from 10 o'clock a. m. to 4 o'clock p. m., when the last case was disposed of, and the overworked court clerk, reporter and bailiff took a well-earned rest.

It was bargain day at the divorce counter. The calendar contained twenty-three default cases for hearing, but several were stricken off and but nineteen were disposed of. Even then it was a record-breaker, both in the number of cases set and decrees allowed.

There were two reasons for the rush. The new rules threatened by Judge House in Department Three, to take effect next Monday, were to put effect with litigants, and Judge James found it necessary to set many cases for trial in order to get his calendar as far as possible.

All with stories of desertion, cruelty, failure to provide, etc. It seemed as if the narrative of man's cruelty and woman's unfaithfulness were mirrored in each bit of evidence, and that there was no marital happiness or connubial bliss under the sun.

There was a Jewess who said: "My husband knocked me in the heart and fell down." The Yankee from Salem, Mass., with a fine account of how, when he was engaged on the Salem golf links, his wife left him because he was too good to be a caddy.

The weeping wife who recited how her husband had stolen her child away and carried the boy off to Colorado City.

An electrical expert furnished advice from Salt Lake, and secured a decree without putting in an appearance. The ground of his action being that his wife had refused to live with him because he was on the road as a traveling salesman most of the time.

The wife declared that upon reading after from her husband in which he had promised to return to her, but had failed to do so. Another wife broke down during the trial, weeping and sobbing, and the court had to wait until she could control herself; another said the only reason she could give for her husband's desertion was that the man she gave him was better than she deserved, etc.

The one universal bit of testimony that appeared in every case of desertion was in evidence that neither the wife nor husband knew why their unfaithful companion had left them. In several instances, inquired particularly in this feature, knowing the processes of weak humanity to

man exercised by the Board of Public Works."

The Civil Service Commission said unless the men qualified as "restaurant inspectors" it would not certify their pay after this month. Just what will be done about food inspection has not been decided by the board.

CREGIER CONTRACT.

EXECUTED BY COUNCIL. N. Banks Cregier of Chicago, with his three feet, eight inches of stature, sat alone in the Council Chamber yesterday when the contract for a new fire-alarm system was entered into. Not exactly alone, either, for the Council was there to authorize its execution. But the small army of agents of other companies and the "log-rollers" were absent and the only echo of their buzzing of last week when the protest of the Gamewell company, sent over by a messenger, was read and ruled out of order by President Pease.

The contract with the Cregier company for a new manual station in the University district was completed yesterday. The contract was for \$23,374 for the fire-alarm equipment and \$2350 for the fifty police boxes.

The protest of the Gamewell company was in effect that the irregularity on which its bid was thrown would be waived if the contract was awarded to it. It asserted that the price bid by the Gamewell company was lowest, all things considered, and the difference between from 25 to 50 per cent, less than the Cregier. It gave its total as \$23,320.

The difference between the bids in that the Gamewell provided for twenty-five party lines, while the Cregier direct metallic circuit to each box. Cregier said he had no objection at once on the contract and have it in working order before the first of the year.

Mayor Alexander did not sign the resolutions authorizing the contract until just before the Council met. He had been impatient to see the contract, but the representations made to him were not enough to bring this about.

The Council acted unanimously, although Wallace, chairman of the Gamewell Committee, was not present. The contract was signed in the morning to attend the Methodist missionary conference at Albany, N. Y.

That the public may see what kind of a system the city has bought, Cregier has opened his exhibition of the old Hamburger building on New High street to the public tomorrow afternoon and evening, and will give free demonstrations.

Slauson Playground. An appropriation of \$2000 for the improvement of the Slauson-avenue playground was made to the Playground Commission yesterday by the Council. The commission wanted that much, but the Finance Committee could not find the money, it said.

Uncle Aleck, however, because he feared this might prevent the stadium, urged an immediate improvement, but Dromgold explained that this plan would be provided for in time.

City Hall Brevities. A committee composed of Dromgold, Wallace and Blanchard was appointed by the Council yesterday to confer with the Pacific Electric Railroad Company as to the elevation of the station in front of the city hall.

Increases in salary were recommended by the City Clerk's deputies yesterday. The beneficiaries are Charles W. Allen, J. M. Carroll, and Frank Wellington, each receiving \$10 a month increase.

AT THE COURTHOUSE. **UNHAPPY ONES SINGLE AGAIN.** **DIVORCE RECORD AND MARITAL TIES ARE BROKEN.**

Nineteen Who Drew Blanks in the Marriage Lottery Drove Their Tears When Given Interdustry Decrees. Humorous, Pathetic and Tragical Acts to Life Drama.

Nineteen! Count 'em! Nineteen! All records were broken in Los Angeles yesterday, in Department One, Judge James presiding, where divorce decrees were distributed.

The matrimonial bludge brigade was on parade, and the procession was in motion from 10 o'clock a. m. to 4 o'clock p. m., when the last case was disposed of, and the overworked court clerk, reporter and bailiff took a well-earned rest.

It was bargain day at the divorce counter. The calendar contained twenty-three default cases for hearing, but several were stricken off and but nineteen were disposed of. Even then it was a record-breaker, both in the number of cases set and decrees allowed.

There were two reasons for the rush. The new rules threatened by Judge House in Department Three, to take effect next Monday, were to put effect with litigants, and Judge James found it necessary to set many cases for trial in order to get his calendar as far as possible.

"My suggestion was merely a tenta-
...tive one," said Mr. Booth at the close
...of the meeting, "but I feel sure
...that the majority of those entitled to
...the rebate will be glad to have the
...money used in that way. I figure that
...about \$1800 will be left in the treas-
...ury, when all the bills are paid. This
...amount is considerable."

...famous masterpieces, prints of classic heads; stichings,
...water colors and oil paintings; figures, landscapes and
...marines, all of them well executed, all artistic and all
...framed with a perfect regard for the subject and the
...coloring in which it is presented.

You'll like the rich browns of the walnut frames

...The introduction of this system marks a new era in dentistry. It means en-
...tirely satisfactory work and a big reduction in price. Our office is the most
...up-to-date dental establishment in Southern California, having equipped with
...the latest modern, thoroughly sanitary dental machinery.

EVENTS IN LOCAL SOCIETY.

MR. AND MRS. L. N. VAN NUY of West Sixth street have issued 100 invitations for a house dance to be given for Miss Katherine Graves and their daughter, Miss Kate Van Nuy, who returned Sunday with a party from a six month tour through Europe. Guests will be entertained on next Thursday evening. Music will be furnished by Arend.

Mr. and Mrs. Van Nuy recently entertained with a dinner party at Hotel Virginia, Long Beach, having as guests William David Scholte of New York, Mr. and Mrs. Hugh Stuart, Mrs. Florence Rotherberg, Alfred Rotherberg, Edward Rotherberg, Miss Anna Van Nuy and Benton Van Nuy.

To Entertain.
Mr. and Mrs. Hugh Stuart of Alhambra will entertain about thirty friends at dinner next week in celebration of their sister, Miss Katherine Graves.

To Leave.
Mrs. Dan McFarland, No. 645 West Twenty-third street, will leave today for New York, where she will join her daughter, Miss Helen McFarland, who recently with a party of friends, they will return in about two months.

Another Wedding.
Miss Edith May Long was married yesterday morning at the home of her father, Charles H. Long, No. 1935

ELUSIVE BOY BURGLAR STILL AT LARGE.
NEITHER FUGITIVE NOR HORSE HAS BEEN LOCATED.

Youthful Partner Confesses to More Than Dozen Robberies—Lost Not Recovered—Chief of Portland Police Sends Inquiry Concerning the Pair.

The search for Earl Higley, the alleged boy burglar, who escaped on horseback from a patrolman in an automobile Tuesday, extended all over Southern California yesterday, but brought no fruits.

So far as the police are concerned he has dropped completely out of sight, taking with him the stolen car, which he had been driving when he was arrested. The authorities expected to get a trace of him through the horse, which they expected he would use to escape.

Every official in the southern part of the State was notified to look out for the young fugitive, and was given a description of him. The authorities expected to get a trace of him through the horse, which they expected he would use to escape.

The last clue to his whereabouts was given by the authorities by a citizen, who saw him riding east on East Twenty-second street, about an hour after he had been arrested. The patrolman who had arrested Rabin.

Men on motorcycles and in automobiles were sent out to look for him, but each one returned and reported that he had not found the slightest trace of him.

The police yesterday received a telegram from A. M. Cox, Chief of Police of Portland, that he wanted the pair. He stated that he had a servant girl there and had proceeded to her home, where she was employed.

They were regarded by the police as the boldest young bandits who have operated in Los Angeles in years.

The confession of Rabin that they lived at No. 1074 South Broadway, within a stone's throw of the Central Police Station, is indicative of their fearlessness.

The detectives say Rabin has made a full confession to more than a dozen burglaries, including the one at the home of the late Mrs. Rabin, and is not a bit proud of his record.

The officers searched the room of the pair, but found nothing of value. They have recovered none of the loot except some old coins, and Rabin's pockets. He says his partner has the stolen articles, including nearly a dozen watches, a small diamond and many trinkets.

The fugitive sought by the police is 17 years old, 5 feet 3 inches tall, weighs 140 pounds, has brown hair and blue eyes. In circulars sent out, containing this description, the police have included a warning that he will shoot to prevent capture.

Vincent Cech, another boy, whose record rivals that of the pair to a measure, was taken before Justice Chambers yesterday on a charge of burglary. He will be examined today.

The fruits of Cech's thefts have been recovered from a trunk in his cabin near Long Beach and returned to him. The police say the first theft he committed was at the home of his parents, which he robbed in their absence.

HOMELIKE.
SOUSA'S A FAMILY TOUR.

WIFE AND TWO DAUGHTERS ACCOMPANY BANDMASTER.

Cosy Party in Suite at the Alexandria—Director Waxes Quaintly Reminiscent Over Youthful Misadventures When a Budding Violin Virtuoso in Miffed Clothes.

Mr. Sousa has not only a band with him in Los Angeles, but his wife and two daughters.

It is considered quite unusual for an artist to carry even one member of his family on tour, hence Mr. Sousa's fashion of being accompanied by his entire family establishes a new record.

The daughters are Priscilla, lately of Vassar, and Helen, of the Castle School.

John Philip Sousa, Jr., of Princeton, is now no longer eligible for transcontinental visits with his parents. He has taken up science as a career, and is busy promulgating the Spencer turbine.

Mr. Sousa's fade, apart from music, are shooting, horseback riding, and literature. He spends most of his vacations either in the saddle or tramping with a gun—and the days that are left he devotes to writing. A big party also received at the Alexandria yesterday contained two specimens of a new variety of Sousa's music.

Once the bandmaster finished farms and country life. Now however, his apple investments are made along other lines, and his home is steadily maintained in New York City.

"Nothing eats up a fortune quicker."

What a Woman Will Not Do.

There is nothing a woman would not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine, for Lane's Tea, is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists and dealers, 25c.

TEN YEARS' TEST OF ECZEMA CURE

Wintergreen Compound Accepted by Science—Try It at 25c.

After a ten years' test, oil of wintergreen as compounded in D.D.D. Prescription has so thoroughly, so absolutely proven its merits for skin diseases, that we have arranged with the D.D.D. Laboratories of Chicago for a special offer on a 25c bottle.

We ourselves became convinced years ago. Cure after cure and the testimony of the world's leading skin specialists showed us that the way to cure the skin is through the skin, not, however, by means of a salve reaching only the outer skin, but with a penetrating liquid that gets to the inner skin, killing the germs while soothing the healthy tissue.

The Oil of Wintergreen Compound, D.D.D. Prescription, thus penetrates while soothing the skin; and a 25c bottle—a good sized trial bottle—is now offered, besides the \$1 bottles, in order to convince everybody. For this trial bottle ought to be enough to show the way to the cure, and at any rate the liquid the instant it is applied will take away that itch—yes, just as soon as the wash is applied, the itch is soothed and refreshed. At all Sun Drug Co. Stores.

St. Louis, yesterday, "than the malignance of a country estate, where caretakers and repairs last from one year's end to another, though you yourself may be there but a few weeks in each season."

His tour is to end in New York City, December 24, to allow his personal attendance upon the rehearsals of his new opera, "The Glassblowers," which is to be produced at New Haven shortly after New Year's by the Shuberts.

He has spent an entire year upon this score, whereas "The Glassblowers" occupied but a few weeks, and even "The Bridge-Builder" but three months.

"The Glassblowers" is his first entirely American work.

Mr. Sousa is now upon his thirty-sixth semi-annual tour, and his band is known in nearly every city of the civilized world. He plays two novels and eleven operas to his credit.

Yesterday afternoon, however, something recurred his early days in Washington, and he became humorously reminiscent.

"When very young," said he, "I became enrolled as a pupil at the conservatory of the celebrated John Sputa, and I studied violin, theory and wind instruments. By my eleventh year I was a professional."

"My first appearance in public was as a violinist, at a concert given by my teacher at St. Elizabeth's Asylum for the Insane, just outside of Washington. My progress on the violin had evidently been sufficient to draw the eyes of Mr. Sputa to assign me a solo number at the concert. I had memorized the composition and rehearsed it with the band leader."

"Unfortunately, on the day of the concert, the baseball club of which I was pitcher had a match, and I forgot my part. After the game, I returned home hungry, tired and dirty. I found the house in a confusion, all work absent, my eldest sister away on a visit, and my mother so ill I was not allowed to enter."

"I hurried to the conservatory and told my teacher the predicament."

"That's all right," he said, "run over to my wife, and tell her to give you one of my shirts."

"I put on the shirt and the good-natured Mrs. Sputa put one of the professor's shirts on me. The bosom seemed to rest on my knees, and as the collar was many sizes too large, she pinned it together, and I started with the party for the asylum."

"When my number was called, I walked onto the stage stiff as a mallet. The ill-fitting shirt interfered with my free progress, and I bowed like a wooden image. I believe the first movement of my solo, and got through it fairly well, but when I attacked the initial variation, the physical effort of my bow arm increased, and suddenly the pins that held the shirt in place gave way, and the garment fell from my neck. I forgot my notes, looked wildly at the dropping shirt and the laughing audience, and rushed from the stage in confusion, where I sought an obscure corner of the ante-room and wished that I were dead."

The biennial general convention of the Universal Church, at Detroit, closed yesterday. The proposal to centralize the organization of the church under a permanent president, who would succeed the president of the convention, was defeated by a close vote. The question doubtless will be brought up in Springfield, Mass., convention in 1911.

Hair Germs

Ayer's Hair Vigor promptly destroys the germs that cause falling hair. Nature completes the work. You save your hair, and have a more luxuriant growth, too. Keeps the scalp healthy; destroys all dandruff.

Does not Color the Hair

Your doctor will tell you precisely why we use each of the ingredients in Ayer's Hair Vigor. Ask him all about it. J. C. Ayer Co., Lowell, Mass.

A SKIN OF GLORY IS A JOY FOREVER

D. R. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

LOCAL RAILROAD RECORD.

NEW LINE TAPS MINERAL BELT.

Santa Fe's Cut-Off Is Fast Nearing Completion.

Sixty Days Will See Trains Running Into Calzona.

Rail Connection With This City Starts Booms.

Grading on the Arizona and California, the Parker-Bernal cut-off, which the Santa Fe is building to form a new route from Arizona to the Coast, has reached Calzona, at the head of the Palo Verde Valley. Steel is being laid west from Parker with all possible speed by Scott & Co., the contractors in charge, and sixty days will see trains running into Calzona.

This work is of the greatest importance to the mining interests along the Colorado River. There is a large mineral belt, embracing Whipple, Riverside, Turley and Santa Maria Mountains, that has been badly neglected on account of lack of transportation, and its opening will add largely to the mineral output of California and Arizona. At present automobiles form the method of handling the ore, and passengers between Parker, Calzona, and other mining camps. From Needles and Parker auto stage lines are operated, and the approaching rail connection with Los Angeles is causing a considerable boom.

RICH FIELD.

LOCAL JOBBERS REAP BENEFITS.

TRADE OF SOUTHERN NEVADA COMES TO THIS CITY.

Resident of That State Prophesies Remarkable Showing from Census Reports—Mining Men Secure Wealth, But Agriculturists Will Build Up Commonwealth.

That section of Nevada which may be regarded as tributary to Los Angeles in a commercial way is depending more and more upon the jobbers of the metropolis of Southern California. "Our merchants are now getting a class of trade that formerly went to Salt Lake City," said Earl W. Tremont, receiver of the Carson City land office, and a resident of Nevada for more than twenty years, yesterday. "Our State is entering upon a new era of prosperity. We are making great strides, not only in our mineral wealth, but are developing thousands of acres of rich agricultural lands. Under the splendid Truckee-Carson reclamation project, lands once covered with sagebrush are now being turned into rich farming sections. The market for dairy products, feed, and vegetables is practically unlimited. The mining camps alone can use immense quantities of farm products."

Mr. Tremont predicts that the enterprising jobbers of this city will get more and more of the business of Southern Nevada, and he regards his State as a great asset commercially to Greater Los Angeles.

He was formerly supervisor of the government census in his State, and from figures he secured ten years ago, he says the nation will be greatly surprised at the result of the coming Federal census.

"Ten years ago Nevada had a population of 6,000 and not more than 200 farms," he said. "The coming census will show a population of 115,000 and 100,000 farms. Railroad trackage has been increased 80 per cent and manufacturing interests have increased almost the same proportion."

"The Carson City land office enjoys the distinction of doing the biggest mineral-claim business of any office in this country, being equal to that of any three other States."

While pleased at this showing Tremont believes that the future prosperity of Nevada will depend upon its rich agricultural wealth. He said in the era of the bonanza mines that hardy pioneers took out millions of dollars of silver and went away to spend it. He said there are hundreds of old Nevada miners now living in luxury in San Francisco and other cities along the Pacific Coast.

He believes the farmers, who are now reclaiming once semi-arid land, will give a steady stream of wealth to the State which will greatly benefit from the influx of sturdy ranchers who intend to make their permanent residence in the section where they gain their living.

Entries for land under the Truckee-Carson dam are made through his office. The applications are handled somewhat differently than they are in the local office, where desert-land entries predominate. Persons securing a tract under the reclamation system of irrigation are not allowed more land than they can handle to best advantage. In ten years they can greatly increase the value of the land and secure patents, as well as title to the water needed for irrigating purposes.

The country thereabouts is ideal for raising alfalfa, a crop that can be harvested several times a year and which is in great demand at all seasons.

Mr. Tremont visited the local land office yesterday and was much surprised at the vast amount of business entries for lands in the Imperial Valley.

THEY WILL WEAR "RATS."

Two Thousand Girl Pupils Decide to Ignore Edict Against Their Pet Adornments.

(ASSOCIATED PRESS DAY REPORT.) NEW YORK, Oct. 27.—Two thousand girls attending the Erasmus High School, Brooklyn, have held a mass meeting at which they decided to ignore an edict issued by the assistant principal prohibiting the wearing of "rats" and "puffs" in their hair.

The order to discontinue the use of such aids, or feminine adornment, was given after a meeting at which the girls held a mass meeting after school hours and agreed that the new rule would not be obeyed, and that all girls who desired might continue the wearing of the puffs and rats and have the support of all the girl students. The school faculty has taken a determined stand in the matter, and it is expected that a clash will result between the pupils and the teachers.

SEIZES AN OPPORTUNITY.

Negro Admits He Rented Vacant House to an Applicant Who Came While He Slept.

J. C. Allen, a negro, is in the City Jail, facing a charge of having obtained money under false pretenses, because he fell into temptation while out for a Sunday morning stroll in September.

He stopped to rest in front of a vacant cottage at No. 732 Decatur street, owned by J. A. Jones, a negro garbage contractor. As he was making mental notes of his surroundings, along came Christy Parla.

"Is dat house to rent?" was asked him. "Yes, sir, and I'm de agent," he replied.

A key in his pocket fitted the door and he let his prospective tenant in. After some bargaining the place was let and \$10 paid to bind the deal. The Parla family moved in.

Several weeks later Jones found a tenant for his place and went around to show the house. He was much surprised to find it was already occupied. The Parla family was evicted and Jones went on a hunt for the man who had let himself out as agent.

The police, who arrested Allen, say he admits his shortcomings.

PUBLIC PROSECUTOR PULLS OFF NONSENSICAL STUNT.

Puts Up Scheme for Defendant to Challenge Whole Panel of Jurors Because No Women Had Been Summoned—Motion Overruled—Park Speaking Ordinance Changed.

Guy Eddie, prosecuting attorney, attempted yesterday to carry out his announced plan of "showing up" Chief of Police Dismann for interfering with the attorney's pet scheme of getting women jurors for Police Court duty. He appeared in Justice Williams's court yesterday to prosecute J. W. Bloom, who was charged with having violated the park-speaking ordinance.

Eddie had threatened to challenge the entire panel of jurors summoned, on the ground that the Chief had had him open to attack by ordering the venire officer not to summon women. But he adopted a different method. When the case was called for trial Bloom arose and presented a challenge to the entire list of jurors. This challenge was written by the prosecuting attorney in the prosecutor's office, at the dictation of Eddie.

The attorney did not resist the motion to release all of the prospective jurors. On the other hand, he was prepared to assist Bloom. He had subpoenaed Chief Dismann and attempted to place him on the witness stand to prove that the head of the police department had tampered with the venire.

Justice Williams put a quick end to the foolishness by overruling the motion and ordering the attorney and defendant to proceed with the case.

"You want to take an exception to this ruling, don't you?" Eddie asked Bloom.

Bloom quickly took his cue and spoke right up. "Yes, I want to take an exception," he said.

Having been unsuccessful in his attempt to "show up" Chief Dismann, Eddie then turned to his assistant, Samuel Barnes Smith, and went out to hunt up the reporters to give them a disclosure of the proceedings. The motion would be ruined if such disclosures as that of Justice Williams were allowed to stand.

Bloom conducted his own case, and put the jury through a course of sports in free speech. The evidence was that the effect that he and a dozen socialists had blocked the walks in Central Park on September 15, while indulging in a "harangue over free speech and single tax."

The jury, standing seven to five for conviction, reported in forty-five minutes that it could reach no agreement, and the jurors were discharged by Justice Williams.

REALTY DEALS.

BUYS PLACE FOR HOME PURPOSES.

DWELLING IN AN EXCLUSIVE RESIDENCE SECTION.

Local Syndicate Secures Large Tract of Land at High Price for Investment—Dealers Report, Good Sales to Eastern People, Who Seek Homes in Southern California.

Herbert E. Wylie has purchased from Jane R. Foster the property at No. 17 Chester Place, the consideration being reported at \$15,000. The holding consists of a fifteen-room house on a lot 117x127 feet. The dwelling, which is of stone and brick construction and elegantly furnished, is one of the show places of that section of the city. The deal was made through the agency of A. T. Jergins.

The same dealers report that a local syndicate, headed by them, has purchased from the Central Land Company 2000 acres on the Santa Fe Railroad at Soleta, about forty miles north of Bakersfield. The price paid for the tract is reported to be \$75,000. The land will be set to alfalfa and Kaffir corn and extensively improved. The purchase was for investment.

Although Bros. report the following recent sales to eastern people seeking homes in Southern California: R. R. Gardner to Miguel Latz, the nine-room two-story mission house on the northern corner of Wilshire and Bunker Boulevard. The lot faces 124 feet on Sunset Park. Mr. Latz, who has

through it fairly well, but when I attacked the initial variation the physical effort of my bow arm increased, and suddenly the pins that held the shirt in place gave way, and the garment fell from my neck. I forgot my lines, looked right at the dropping shirt and the laughing audience, and rushed from the stage in confusion, where I sought an obscure corner of the ante-room and wished that I were dead."

The biennial general convention of the Universal Church, at Detroit, closed yesterday. The proposal to centralize the organization of the church under a permanent president, which would succeed the president of the convention, was defeated by a close vote. The question of a new constitution brought up at Springfield, Mass., convention in 1911.

NO BACKACHE OR KIDNEY TROUBLE.

REGULATES OUT-OF-ORDER KIDNEYS AND ENDS BLADDER MISERY FOREVER.

Several Doses of Pope's Diuretic Will Make Your Kidneys and Urinary Organs Act Fine—No Man or Woman of Los Angeles Whether Young or Old Can Afford to Chance the Slightest Kidney Derangement for a Single Day.

No man or woman here whose kidneys are out-of-order, or who suffers from backache or bladder misery, can afford to leave Pope's Diuretic untried. After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends. The moment you suspect the slightest kidney or bladder disorder, or feel rheumatism pains, don't continue to be miserable or worried, but get a 50c bottle of Pope's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

This "miraculous" preparation goes direct to the cause of trouble, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pope's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Any physician, pharmacist, banker or any mercantile agency will tell you that Pope, Thompson & Pope, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pope's Diuretic—50c treatment—from any drug store—anywhere in the world.

spent thirty-five years in Mexico, will make Los Angeles his future home. The price paid for the property was \$11,500. Mary E. Chase, from Alhambra, the ten-room two-story house at No. 1525 Manhattan Place, on a lot 112x127 feet, for \$11,000. N. P. Stokes to R. P. Bloom, a ten-room two-story house 200 feet north of Sixth street, on a lot 112x127 feet, for \$11,000. Consideration of \$11,000. Gertrude W. Stanley to A. R. Maines, the nine-room two-story house at No. 418 Kingsway, on a lot 112x127 feet, for \$11,000. Nat. Dryden and Helen Dryden to Stella A. Bryant, a lot on the west side of Manhattan Place, seventy-five feet north of Sixteenth street, for \$5000. Mr. Bryant has plans drawn for a twelve-room two-story residence to be constructed on this lot.

Mesa Land Co. to Thomas R. Tombs, the northeast corner of West Adams street and Teeth avenue, 112x117 feet, for \$12,000. Mr. Carter of the Carter Investment Company assisted in the deal. Mr. Tombs has plans drawn for a beautiful home in keeping with other dwellings on this street. Dr. Stoddard to C. B. Harris, the nine-room residence at No. 2279 West Twentieth street, on a lot 12x113 feet, the consideration being \$12,500.

CALLS JURY OF JEWS.

Des Moines Judge Inaugurates New Plan for Securing a Fair Trial for Accused.

(BY DIRECT WIRE TO THE TIMES.) DES MOINES (Iowa) Oct. 27.—[Exclusive Dispatch.] Judge Edwin J. Frick, magistrate in the City Court, today inaugurated a new plan for securing a jury, when he ordered the constables to summon Jews exclusively for the trial of a case between Brody and Leisner, both Jews.

Judge Frick said it was his opinion that with a jury of their own nationality, able to understand many underlying motives of other nations, the litigants would be assured of a more fair adjudication. Judge Frick also intimated that if the jury decided as he hoped, he would hereafter extend the custom to other cases, selecting jurors from the nationality of the men on trial, excepting in cases of murder and arson.

through it fairly well, but when I attacked the initial variation the physical effort of my bow arm increased, and suddenly the pins that held the shirt in place gave way, and the garment fell from my neck. "Anetle" \$3.50

FUR TURBANS

REGULAR \$5 VALUES

The pelts from which these Fur Turbans are fashioned come from the frozen regions of the far North. The hats themselves are suggestive of the merry tinkle of sleigh bells—and are the styles at present demanded by followers of Fashion in leading style centers of the East.

A special shipment of these jaunty Fur Turbans—in black and dark brown, trimmed with natural heads—arrived by express yesterday. On sale today and tomorrow at \$3.50—actually worth \$5—but you naturally expect the "Leading Millinery House of Lower Broadway" to undersell other stores.

Fur Turbans At \$4.50 and \$6.50

Fur Turbans At \$8.50 and \$10

Finer quality Fur Turbans—of selected pelts—strictly high class in every particular; choice of black or brown, trimmed with natural heads—specialty—today and Friday at \$4.50 and \$6.50 each—actually worth a third more.

Greater styles in Fur Turbans—trimmed with roses, lace, velvet and ornaments—\$6.50 to \$10. These are the season's best production in great demand, even at higher prices, in both wholesale and retail millinery circles.
